“ Farewell my Friend !!!
It's hard to say goodbye to someone who was such a dear friend so many years ago. When we were in high school, every day Steve, Brenda Hancock and I Sharon Sexton / Swiney met in the library at Herbert Hoover High School. We always sat together , and later our sisters, Debbie Hancock and Vicki Sexton joined us. It was a time when everybody talked about what was going on in our lives. We always enjoyed the conversation and friendship that we all shared. It was a wonderful time for us and we had a bond then that lasted a lifetime. Steve was our wild and crazy person, he made us laugh, he always greeted us with a "Chest thump" and even though we were girls and didn't quite understand the meaning of this, we always did it back to him. Who knew that three short years could make an impression that would last a lifetime?
I saw him from time to time through the years, and we had some wonderful conversations. He was a remarkable person, and anyone who knew him must have the same sad feelings of loss that we feel today, Goodbye dear friend, we will always remember you , love to you Sharon Sexton Swiney
